My courses

- 702A Small Water Systems - Wells 6th Edition
- 702B Small Water Systems - Treatment Plants 6th Ed...**
 - Participants
 - Competencies
 - General
 - Introduction
 - 3.1 Importance of Small Water Treatment Plants**
 - 3.2 Coagulation
 - 3.3 Flocculation
 - 3.4 Settling (Sedimentation)
 - 3.5 Filtration
 - 3.6 Disinfection
 - 3.7 Corrosion Control
 - 3.8 Solids Contact Clarification
 - 3.9 Slow Sand Filtration
 - 3.10 Iron and Manganese Control
 - 3.11 Softening
 - 3.12 Operation
 - 3.13 Maintenance
 - 3.14 Safety
 - 3.15 Math Assignment
 - 3.16 Additional Resources
 - Interactive Exercises
 - Glossary
 - Final Exam

Your progress ?

Introduction

 Introduction

3.1 Importance of Small Water Treatment Plants

 Lesson - Importance of Small Water Treatment Plants

 Lesson - Surface Waters

 Lesson - Groundwaters

 Section Readings - Importance of Small Water Treatment Plants

 Check your understanding

3.2 Coagulation

 Lesson - Coagulation

 Section Readings - Coagulation

 Check your understanding

3.3 Flocculation
