MINIMUM QUALIFICATIONS

All positions in the research engineer series require a master's degree in Civil/Environmental Engineering or related discipline. See individual job postings for other minimum qualification requirements.

DUTIES AND RESPONSIBILITIES

The Research Scientist series, with progressive levels of responsibility, provides support and advice services for applied research and technical assistance projects conducted by OWP on environmental/water resources problems. This position includes water-related specialties. This position involves the application of the scientific method including defining a problem, identifying research questions, study planning, and dissemination of results. This position requires creativity, critical judgment, and flexibility in applying appropriate methods and analysis to achieve project goals. The position may include providing water sector utilities with training and technical assistance services for building their technical, managerial, financial, and workforce capacity. This position assists with proposals, marketing, planning, organizing, supervising, and/or performing the work of a professional staff, and ensures that work products meet OWP quality standards. The position represents OWP at professional meetings and conferences involving state and federal entities, Sacramento State and other colleges/universities, industry, and private sector organizations.

This position reports directly and receives general direction from the Associate Director of Research for OWP or their designee.

Note: This position vacancy is with University Enterprises Inc., an auxiliary organization of California State University, Sacramento. This is not a University position; the incumbent will be an employee of University Enterprises. *University Enterprises operates commercial enterprises on the California State University, Sacramento campus; it is responsible for grant and contract management and fiscal services for University research and sponsored programs and provides fiscal services to University related agencies and activities. University Enterprises is a non-profit corporation governed by a board of directors in conformance with the appropriate State of California codes and policy directives of the Board of Trustees and the campus administration.*

University Enterprises is an equal opportunity employer and is committed to an active nondiscrimination program. It is the stated policy of University Enterprises that all employees and applicants shall receive equal consideration and treatment. All recruitment, hiring, placement, and promotions will be on a basis of qualifications of the individual for the position being filled, regardless of race, color, religion, ancestry, national origin, age (over 40 years), sex, sexual orientation, marital status, medical condition (diagnosis or history of cancer)*, citizenship, veteran status, or physical or mental disability. Any persons who feel that they have been discriminated against in connection with an application for employment should contact University Enterprises' Director of Human Resources at (916) 278-7003. *As defined in Section 12926(F), Government Code 12990.
